

April 25, 2016

Dear Baker Community,

We are pleased to announce that our search consultants from Educators' Collaborative (EC) have widely distributed a [job posting for Baker's Head of School opening](#) in June 2017.

EC will identify and vet candidates through July, distributing to qualified candidates who respond with interest a more detailed leadership profile, developed based upon the input from Baker community surveys and meetings.

The consultants will bring 10-15 of the best candidates to our Head of School Search Committee for review and evaluation. The committee will meet over the summer to further narrow the pool, first to semifinalists, and then to finalists. We hope to be able to introduce our finalists to the Baker community in September.

In the meantime, thank you for your patience as we enter a "quiet phase" of active, confidential candidate evaluation, lasting a few months. We will share any possible updates on our website at bakerdemschool.org/headsearch.

We encourage all members of the Baker community to distribute the Head of School posting (see [web](#) and [PDF](#) versions) and welcome candidate referrals via headsearch@bakerdemschool.org or sent directly to EC.

Sincerely,

Stacey Empson
Chair, Head of School Search Committee
